

Bidvest Mobility achieves BEE level one rating

Issued by [Bidvest Mobility](#)

20 Jan 2021

[Bidvest Mobility](#), a division of Bidvest Paperplus (Pty) Ltd and member of the Bidvest Group, recently achieved a [BEE rating as a level one contributor](#).

Simon Grisdale, managing executive at Bidvest Mobility, commented: “We achieved level one by ensuring that we aligned our business and BEE strategies. In addition, our team focussed on all five elements of BEE, thereby improving our status across the board.

“What we are particularly proud of is our skills development, where a lot of resources were invested in training and upskilling our staff. This has not only benefited our business, but also all of our stakeholders. Other areas of focus where we achieved significant improvement were enterprise and supply chain development and socio-economic development,” he added

“We thank everyone for their hard work and dedication in achieving this goal and look forward to working together in the future and ensuring continuation of the BEE process,” concluded Grisdale.
