

Submerged Sundays Say Goodbye to Summer

Fans will have one last chance this season to experience Shimmy Beach Club's GoldFish Submerged Sundays Series on Sunday, 4 May, 2014, with the Submerged Sundays Say Goodbye to Summer show, featuring Cape Town's own chart-topping electronic act, GoldFish, together with other leading local DJs.

The final show will close out the season with electrifying guest performances from techno-fanatic, DJ Anthea; home-grown house music sensation Jet; and DJ/ producer, Shaun Duvet; alongside the headliners, GoldFish, who have just returned from the Coachella Valley Music and Arts Festival in Indio, California, and are set to perform in Ibiza in the coming months.

"The Submerged Sundays Series has been a great success and world-class acts like GoldFish are the essence of the unique lifestyle experience that Shimmy offers our local guests and international visitors," said Shimmy Beach Club's GM, Shaun Novitzkas.

Submerged Sundays Say Goodbye to Summer will take place at Shimmy Beach Club at the V&A Waterfront, Cape Town.
