Samantha Morgan has been appointed editor of southern Africa's leading sustainability publication, *Environmental Management* magazine.

A respected name in the media industry, Morgan is also editor on the well-known laboratory business publication, *Analytical Reporter Africa*, and brings a wealth of experience to *Environmental Management* magazine.

Sandra Ladas, Publishing Manager at New Media which produces *Environmental Management*, says, "Samantha's expertise in the industry of business journals as well as her passion for people is already taking *Environmental Management* into a new era."

Morgan said she is already thoroughly captivated in the word of environmental management. "This publication is so much about what we, as people, can do to help the environment in which we live flourish. As Mahatma Gandhi said: 'What we are doing to the forests of the world is but a mirror reflection of what we are doing to ourselves and to one another.'"

"Southern Africa needs to showcase its projects to the world; we receive much global attention and it is time people sat up and listened to what we are doing. *Environmental Management* on all its multimedia platforms, is our voice," Morgan concludes.
