Ctrack and Standard Bank, in association with the Future Group, are again honouring South Africa's leading participants in the commercial trucking and logistics sectors. The online submission form allows for 15 trade categories and the Drivers Hall of Fame nominations, all due before 30 June 2015.

Richard Lendrum, MD of Future Group, says, "TruckX Expo, Conference and Awards 2015 is highly regarded as one of South Africa's premier thought leadership platforms and, by giving your opinion, you assist in processes that maintain the expo's cutting edge appeal.

"We urge all stakeholders, industry leaders, players and enthusiasts to take part in the survey and we view it as a significant aspect of the event. In addition, one person will win R10,000 for just participating in the survey."

Toni Fritz, Head of Vehicle and Asset Finance, Business Market at Standard Bank, another event sponsors, adds, "The Awards portion of the expo is very exciting and we are looking for your votes to ensure honours and accolades are presented to the most deserving in the industry."
