

Wine show returns to Khayelitsha

The second edition of the Khayelitsha Wine Show will be held at the Khayelitsha Cricket Oval, Khayelitsha in Cape Town from 11-12 May 2018. More than 25 lifestyle brands are expected to exhibit at the wine show; offering a wide range of styles and cultivars.

Three dimensions have been added to the festival. These new activities have been created to increase consumer's interaction and enjoyment with wine and food, and to increase wine education in a fun way.

Attendees will be accommodated on the large lawns surrounding the oval and huge marquees will be constructed for the food and wine stalls, which attendees may visit while listening to live music by well-known artists and DJs.

The Khayelitsha Wine Show is not only a lifestyle event and will be able to create about 35 temporary jobs through the event for car guards, event assistants, and hostesses. Local businesses will also have the opportunity to be part of the event, that forms part of the township economy development that the organisers are involved in.
