

# Facebook on a roll in India

MUMBAI, INDIA: The social networking site captures top spot among social networking sites in India; overall, the Indian social networking audience has soared 43% in past year, according to the latest report, released today, 25 August, by from comScore.

comScore Inc has released a report on traffic to social networking sites in India, revealing that Facebook.com grabbed the number one ranking in the category for the first time in July with 20.9 million visitors, up 179% versus year ago.

"The social networking phenomenon continues to gain steam worldwide, and India represents one of the fastest growing markets at the moment," said Will Hodgman, comScore executive vice president for the Asia-Pacific region. "Though Facebook has tripled its audience in the past year to pace the growth for the category, several other social networking sites have posted their own sizeable gains."

More than 33 million Internet users age 15 and older in India visited social networking sites in July, representing 84% of the total Internet audience. India now ranks as the seventh largest market worldwide for social networking, after the US, China, Germany, Russian Federation, Brazil and the UK The total Indian social networking audience grew 43% in the past year, more than tripling the rate of growth of the total Internet audience in India.
