

# Senior C# Developer

Remuneration:	basic salary
Location:	Johannesburg, Sandton
Education level:	Diploma
Job level:	Senior
Type:	Permanent
Reference:	#NF58915
Company:	<a href="#">E-Merge IT Recruitment</a>

New work in at an industry leading online digital tech environment. This role is not for the faint-hearted; it's for the 30-something adrenaline junkie, looking for some excitement while aiding and enhancing their rather reliant systems; You will be strategizing, crafting, leading, and implementing technical solutions in a fast-paced environment, using the .NET stack, and SOLID principles.

As **senior C# developer** you will have the opportunity to leverage your skills in a high-energy environment by enhancing the team's performance and contributing to new and existing initiatives. Beyond the work itself, you will also enjoy the flexibility of a hybrid working model and cool company soft perks (such as free lunch) for the two days you are in the office per week.

## This is what you need to land an interview:

- Eight-plus years' experience in hardcore development working with C#, .NET Core, SQL, Web API, RESTful API
- In-depth understanding and experience in your SOLID Design Principles SRP, Open/Close, LSP, ISP, DIP
- Object-Oriented Design – OOD ad a love for writing flexible, scalable, maintainable, and reusable code
- When it comes to Microservices, you know it well and can unpack what projects you have worked on where you have Implemented a Microservice infrastructure.
- MongoDB and SQL database
- By nature, you are the type of person who works hard and plays hard; you are comfortable working as part of a collaborative team without any Micromanagement

**The Reference Number** for this position is **NF58915\_2024** which is a **permanent, hybrid** position based in **Sandton, Johannesburg** offering a cost to company of up to **R900,000 to R1.2m per annum** negotiable on experience and ability.
