

iStories celebrates McDonald's employees

Celebrating its employees' inspiring stories, McDonald's South Africa has introduced 2014 iStories, for those who have made strides in their careers. "Entrenching the values at every level of the organisation is of great significance to our growth. Our employees are a reflection of our values and without them, it would be impossible for the company to enjoy the employer brand image it now has," says Sechaba Motsieloa, Corporate Affairs Director at McDonald's South Africa. To watch all the stories, go to www.mcdonalds.co.za/istories.
