

Magna Carta Cape Town now represents DJ Euphonik

Magna Carta (Cape Town) will be representing DJ Euphonik's public relations. Euphonik is arguably one of South Africa's most sought after DJ's and music personalities and was recently included in the Mail & Guardian's Top 300 young South Africans.

Themba Nkosi (aka Euphonik) has scaled the ranks of DJ, producer and radio presenter in an incredibly short space of time; achieving in a few years what others spend a lifetime working towards. His continued success is built on a solid foundation of perseverance and good work ethics and this, coupled with his fun and ambitious personality, make for a winning combination and is the reason that Euphonik is currently at the cutting edge of the house music scene in South Africa.
