

# Open a candybox and support Women's Day

Candystick invites all South African businesses, big or small, to celebrate Women's Day on Sunday, 9 August by opening a candybox.

Candystick is a secure online site that makes it easier and stress-free for businesses to collect money for donations. Businesses of any size are encouraged to open up a candybox for a woman's charity of their choice. As a sweetener to get businesses to rise to the challenge, Candystick will make three individual contributions (R1,500, R1,000 and R500) to the top three companies who collected the most amount of money in their candybox.

## Three steps is all it takes:

1. Create your candybox: a virtual money collection box for your chosen charity.
2. Invite staff and associates to contribute.
3. Your chosen charity gets the candybox.
