

Tsogo Sun adding more flair to SunSquare Montecasino

Overlooking the award-winning Montecasino Complex in Fourways, trendy SunSquare Montecasino is the latest Tsogo Sun hotel to modernise its guest offering at a cost of approximately R16 million.

Easily accessible from both O.R. Tambo and Lanseria airports, the SunSquare Montecasino hotel is conveniently located in the Piazza, just up from the Teatro within the Montecasino Entertainment Complex. The hotel is a firm favourite with local and international business and leisure travellers. Catering to the expectations and desires of its guests and maintaining the standards to which guests are accustomed, the hotel is refurbishing all 179 en-suite rooms to offer an uncluttered, bright, modern and comfortable experience.

“We are implementing the refurbishment on a floor-by-floor basis to minimise any disruption so that we continue to deliver the perfect blend of hospitality, service, and comfort. The refurbishment started in August this year, and we aim to complete the project in March 2017, with a two-month hiatus around the festive season”, says Bernie Hilario, general manager at the SunSquare Montecasino hotel.

Interior designers, Blacksmith Interior Inspiration, and the Tsogo Sun team designed the bedrooms to ensure a light, warm and comfortable space. Besides the new carpets, blackout curtains, furniture and 40” Smart TV’s, each guestroom boasts unique handcrafted 3D mural, constructed to augment the tranquil ambience.

Whilst the contemporary flair and modern amenities see to a comfortable stay, the hotel and surroundings have plenty to keep guests entertained - with a choice of Fourways’ best restaurants almost at their doorstep. Guests can dine in style at Aarya restaurant, managed by the debut winner of MasterChef South Africa, Deena Naidoo, or at a variety of restaurants and bars within the Montecasino Entertainment Complex. From informal breakfasts to snacks, light meals, and relaxed dinners, there’s something for everyone.

Additionally, SunSquare Montecasino is ideally located to host professional and memorable events. The various event venues cater to business needs as easily as they do for private functions and celebrations. The Montecasino Ballroom can accommodate up to between 600 to 800 guests depending on whether the function is a conference, banquet or product launch. Smaller venues ideal for hosting a boardroom meeting or strategy session are also available.
