

Goodyear chosen for new Mercedes-Benz E-Class

Goodyear has announced that the new Eagle F1 Asymmetric 3 product, which is just hitting the shelves in tyre retailers, is already accredited with fitments on the Mercedes- Benz E-Class.

The new Goodyear product will be fitted in a range of sizes from 17 to 20 inch rims, section width ranging from 225 to 275, and aspect ratio spanning from 30 to 55. All tyres will be marked 'MO Extended' indicating tyres built by Goodyear for Mercedes-Benz as well as providing Goodyear's Run on Flat technology in all fitments.
