

2011 MTN Radio Awards

The 2011 MTN Radio Awards were held on Saturday 9 April and over 600 industry luminaries attended this gala event in Sandton. With double the number of both participants and entries across all languages, the stations' work was judged by a diverse panel of industry experts.

Co-chaired by Lance Rothschild and David Mashabela, the aim of this year's program and objective of the judging panel, was to engage with the Industry across all languages, in the commercial, community and public sector.
