The hotel will be offering expansive multifunctional meeting spaces that can be configured for diverse events, from Meetings, Incentives, Conferences and Exhibitions (MICE), bookings for weddings, and other celebratory functions.

## Beach and urban expansion

Only 30 minutes from the international airport, Avani Mauritius Bel-Ombre Resort & Spa will offer a spa, gym, pantry, kids' club, a beach activity centre, and two swimming pools.

"Mauritius is one of the most vibrant beach destinations in the world and Avani is the ideal brand to offer honeymooners, adventurers and incentive houses an alternative dynamic hospitality offering," says Alejandro Bernabe, the group director for Avani Hotels & Resorts.

"Avani is rapidly expanding in urban destinations such as Dubai, Busan, and Auckland, but we are also growing our current resort portfolio in Vietnam, the Seychelles, Sri Lanka and now Mauritius," Bernabe adds.
