

## Glow TV launches on DStv

Glow TV, South Africa's first free to air channel to offer eastern-inspired content launched by Kagiso Media a year ago, will now appear on DStv channel 167.

The channel will be available on the DStv Family, Compact, Extra and Premium packages. In keeping with the wide variety on offer, Glow TV introduces genre themed weekday evenings - comedy Mondays, travel Tuesdays, lifestyle Wednesdays, talk Thursdays and crime/drama Fridays. To complement the launch on DStv, the channel will be adding 11 new shows to its line-up in November 2014.
