

Expo to highlight innovative science, technology solutions

Exhibitions for Africa has recently been appointed as the service provider to coordinate and manage Insite 2008, the International Science, Innovation and Technology Exhibition, taking place 15 – 17 September 2008 at the Sandton Convention Centre. Incorporating the International Association of Science Parks (IASP) 25th World Conference, the overarching theme will be the role of science, technology and innovation as key drivers of economic growth and development. The organising team includes David Graham from International Trade Projects, Sally Braham PR and Oasys Innovations.
