

## SA Innovation Summit adds Market on the Edge

Market on the Edge is an exciting new addition to the Innovation Summit, which caters to the whole family, with free entrance to children under 12 years. Born from a passion for innovation and inspiration, Market on the Edge promises to be a sensory sensation for the whole family - an indoor market to get inspired, eat, shop and play. Also on display at Market on the Edge is the Inventor's Garage and Pitching Den. It takes place on 28-29 August 2015 at Cape Town Stadium.
