

Stretch your holiday, not your budget!

Issued by [AfriGIS](#)

18 Dec 2012

AfriGIS Navigator (South Africa) with live traffic and national coverage, in proud partnership with Altech Netstar Traffic, leaders in providing intelligent, real-time traffic data to South African road users, is now available on a 30-day free trial.

The state-of-the art app offers you complete voice-guided turn-by-turn mobile navigation for South African routes and destinations. Experience 3D navigation views and voice commands, switch to see the whole route and find your destinations and points of interest; shopping centres, filling stations, police stations, tourist attraction, airport etc. instantly using the free text search.

Key benefits and features of AfriGIS Navigator with Traffic (South Africa) include:

- Real time traffic updates every five minutes
- NATIONAL coverage
- Automatically adjusts ETA (estimated time of arrival) based on live traffic conditions
- Selects the best route based on live traffic conditions
- Offers you a bird's eye view of the traffic conditions
- Unique Inbox feature - send your destination to friends and family
- Coming soon: Incident, road work, traffic light failure, road closure and extreme weather alerts

"The launch of the long-anticipated AfriGIS Navigator with Traffic, in partnership with Altech Netstar Traffic, marks a major milestone and collaboration in terms of Navigation, Traffic Data and Applications in South Africa. Navigator users will find the built-in traffic features, like automatically adjusted routes and estimated time of arrival, with a national footprint, extremely convenient", says AfriGIS MD, Magnus Rademeyer.

"After intensive testing, data probing and fine tuning, we are delighted that AfriGIS selected Altech Netstar Traffic as their provider of real time, intelligent traffic information. With impeccable data quality, a dedicated team of traffic journalists, and a wide range of congestion information and alerts, Altech Netstar Traffic provides best-in-class information to the AfriGIS Navigator platform nationally", says Harry Louw, Managing Director of the Altech Netstar Group.

AfriGIS Navigator (South Africa) with LIVE Traffic supports GPS enabled BlackBerry smartphones. Download now!
