

Toys R Us partners with Reach For A Dream, brings meaning to the 'gift of giving'

Toys R Us, in partnership with the [Reach For A Dream](#), has introduced a special range of cuddly teddy bears to its stores, bringing a new meaning to the 'gift of giving'.

The partnership will see Toys R Us donate R5 from each sale to Reach For A Dream, which relies on donor support and public generosity. Members of the public can also donate a bear, with a special message attached to a child supported by Reach For A Dream at its office at the Gateway Shopping Centre.
