

## Engen, DSV reach 20,000 milestone for parcels

Engen and DSV Global Transport and Logistics have reached a milestone of over 20,000 parcels for its 65 DSV Bybox lockers at Engen service stations in South Africa.

DSV ByBox is an automated parcel locker that offers the public a way of receiving and sending parcels.

The parcels that are placed in the lockers are items that are bought by online customers that opt for ByBox delivery when ordering.
