

Africa's PR tool is now the mobile

African Press Organisation (APO) clients' press releases will now be available on 250 millions mobile devices, including MTN Group, Airtel, Orange, and more, across 30 African countries.

In Africa the most effective PR tool is now the mobile as it reaches the broadest market.

Africa Wire, the service for newswire press release distribution in Africa, now allows your press release to be received by more than 250 million users; via most accessible networks such as MTN, Orange, Airtel, and more.

APO is offering for a limited time, access to a free trial for select clients.

Contact Aïssatou Diallo on +41 22 534 96 97 or bdm@apo-opa.org to try the service now (Limited offer applies).
