

TV channel to train SA realty professionals

Real estate group RE/MAX of Southern Africa earlier this week announced that a free national marketing and sales training channel on DSTv for all South African residential and commercial real-estate agents and property professionals will be available during November 2008. The content is sponsored by RE/MAX of Southern Africa, and has been taken from the RE/MAX Global Education Centre, which broadcasts through digital-on-demand on the RE/MAX Satellite Training Network.
