

## New website launching in April encourages freethinking

Urbanzoo, a new online platform that goes live on 2 April 2012, describes itself as a place of 'organised confusion', offering a platform for freethinkers to be rebellious and unrestricted in their opinions on world topics. The site will allow readers interact on trends such as world news, business related matters for entrepreneurs, health and lifestyle, sports, forums, polls, the world of entertainment and more. For more, email [nonto@urbanzoo.co.za](mailto:nonto@urbanzoo.co.za) or follow [@urbanzoo](https://twitter.com/urbanzoo) on Twitter.
