

Suncoast adds Oyster Inc to their portfolio

Suncoast has added the Oyster Inc. brand to their portfolio of restaurants. The Oyster Inc franchise was launched by experienced entrepreneurs with a passion for the restaurant industry along with a love of seafood and sushi.

At present, there are five franchises across South Africa and a further four franchises are set to open in Gauteng, Polokwane, and KwaZulu-Natal.

“The Oyster Inc. brand is fresh, traditional and best of all home-grown. This is something that aligns perfectly with the Suncoast brand. We are hoping that our guests will take to the Oyster Inc. brand as they have with all other eateries within Suncoast,” says Suncoast marketing Manager, Louise Howell.

The restaurant offers a wide variety of seafood, sushi, meat, poultry and vegetarian dishes at affordable prices, along with a fun, healthy and affordable children’s menu with items starting at R39. The menu also offers a selection of value-for-money specials such as:

- Mondays – Hake and Chips from R38
- Tuesdays – Half price Sushi from the Conveyor
- Wednesdays – Oyster and Cocktail specials (buy 1 get 1 free)
- Thursdays – Unlimited Sushi at R150 pp (excluding Sashimi and Roses)

“What we are looking to do with Oyster Inc is bring fresh, and absolutely affordable seafood to locals in Durban and we are hoping that they will enjoy the large menu selection and along with our weekly specials” says Oyster Inc Owner, Sagren Pillay.
