

## Alex Fm 89.1

Qhamukile is gonna lift you up!

You know most of the time we do not listen to our community radio stations because of this and that, but if you are staying around alex can you please switch on radio on weekends between 15h00 to 18h00. That lady realy know what she's doing because she's playing 100% african music even maskandi is there. I think that is wonderful. Keep up the good work Alex Fm 89.1
