

Shimmy Beach Club announces new Summer Season menu

The Shimmy Beach Club has revealed its Summer Season menu as well as some new additions before its forthcoming summer season. The club has invested substantially to make it a world-class venue to rival the likes of Monaco and Ibiza's beach club scene.

Comprising eight different venues, Shimmy sports a 300-seater restaurant, a 13-metre bar, and stunning furniture that can be moved around to suit individual events, a Heineken deck, conference and VIP meeting rooms, a pool deck, a restaurant deck, a private manmade beach, and an area where the family can kick back and relax. It can be transformed into a glamorous paradise for just about any event, be it dinner, business or partying - all under one roof.

Recent substantial upgrades have elevated its status to international standards, making it one of a kind in South Africa. With more restaurant space, a permanent stage set up, a new Shimmy boutique, kitchen upgrades and improved booking systems, Shimmy can cater for any event, be it for ten people or 2000.

Sexy summer menu

The newest addition is the venue's sexy summer menu. Introduced by Executive Chef Adrian Cook - formerly from The Cradle Restaurant at the Cradle of Humankind - the menu is colourful with vibrant Mediterranean influences including healthy options and choices for kids and vegetarians. The focus is on flavour and good value for money. Shimmy sources the best, local produce such as free-range chicken; grass-fed hormone-free beef and SASSI-approved fresh fish. It buys locally and keeps it as natural as possible to reduce its carbon footprint. Trying the Spanish-influenced whole salt-baked line fish is a must, as is the cinnamon chocolate fondant.

An exciting summer campaign called 'Summer Calling' starts on 30 November, 2014. These 10 weekends will be filled with great party nights on Friday, Saturdays and Sundays, as well as a few mid-week parties thrown in, featuring international DJs and pool parties from 3pm to the early hours of the morning. On Fridays, 'Shimmy Anthems' parties start to the sound of deep house DJs. Saturdays see 'Shimmy Pool Party', when it cools down with Ibiza-style parties, amazing dinners overlooking the Atlantic Ocean and cool DJs playing on a poolside stage. Sundays continue with the return of the legendary 'Goldfish Submerged Sundays'.
