

The Color Run brought to you by Vodacom

Spirited Mother City locals and visitors painted the Sea Point Promenade red, blue, green and yellow on Saturday 18 October, during the annual 5km Color Run brought to you by Vodacom.

It kicked off at 9am from Green Point Soccer Club and followed a scenic route along the Sea Point Promenade. Some ran, while others chose to walk in their funky Color Run sunglasses, t-shirts, tutus, wigs and fairy wings, doused from head to toe in different colours at each kilometre of the happiest 5km on the planet. Taking place in 50 countries across the globe, this non-timed event is as a vibrant, family-friendly race celebrating health, happiness and unity.

Standout characters, were photographed in the red colour zone and Vodacom and other sponsors handed prizes to the best dressed individual, best dressed team and best dressed child with a colourful superblast bringing the festivities to an end.
