Named after Chief Moremi of the Botswana tribe, Moremi Game Reserve is located on the eastern side of the Okavango Delta. The reserve offers visitors a sight of lily-covered wetland, sparkling floodplains and open grassland.

The reserve is home to nearly 500 species of birds (from water birds to forest dwellers) and a vast array of other species of wildlife, including buffalo, giraffe, lion, leopard, cheetah, hyena, jackal, impala, red lechwe and African wild dogs.

When to go

Moremi can certainly be considered a year-round destination, as there are always areas that provide incredible wildlife experience. However, for those wanting to view the Okavango at its highest levels - the late dry season of September to October is the best time to travel. This time of the year is also considered the best time for game viewing due to the animals concentrating along the waterways.
