

# JMC introduces double cab to SA market

Jiangling Motors Co. Ltd (JMC) has recently launched the new Vigus double cab bakkie into the local market.

Available from their 23 dealerships countrywide from this week, the launch of this practical vehicle, which features myriad advanced technology and safety features, will extend their reach into the local passenger and recreational vehicle market dramatically.

The Vigus has already launched in 110 countries where JMC is found globally, including in the Middle East, South America, South East Asia, Central America, Eastern Europe and Australia.

"South Africa is a very important market for JMC. We are fairly new in South Africa, only launching our dealerships here in 2010. Our new bakkie is a great chance to introduce the JMC brand to the whole of South Africa," says David Dai, MD of JMC South Africa.

## Appearance

The Vigus has a modern design and is one of the biggest bakkies available. Its striking appearance is further complimented by superior safety features, robust chassis and spacious interior.

**Additional features include:**

- 2.4 TDCI engine & Mitsubishi 4G69 MPI (petrol) engine
- Side step (4X4)
- 6.5 inch touch screen & DVD player (Super Lux Model)
- Leather seats (Super Lux Model)
- Electric window automatic closing device
- Air conditioner
- ABS & EBD
- Driver & front passenger airbag

All vehicles are backed by a 3 year/100,000km warranty and a 5 year/60,000km service plan. The Vigus is priced ranging between R274,990 and R379,990 including VAT and CO<sup>2</sup> emission tax.
