

## SA Swimsuit model search gets new sponsor

General Nutrition Corporation South Africa (GNC) has been appointed as the exclusive health and supplement sponsor for SA Swimsuit Model Search 2014, offering branded vitamins and wellness products to keep her fit and healthy.

SA Swimsuit Model Search is looking for a woman that embodies a natural, healthy and sexy image to join the South African and international modelling elite.

The competition runs until 15 May and then the public and a panel of judges will select the top ten entrants for the finalist shoot in Cape Town. One overall model search winner will ultimately be chosen to appear in South African Swimsuit and its sister company, World Swimsuit with the likes of Genevieve Morton, Candice Boucher and Nicole Meyer.

"We are proud to partner with an international brand such as GNC that exemplifies healthy living," says Aletha Carswell, co-founder of SA Swimsuit and MD of Netsport Media.
