

Beatenberg to support Mumford & Sons

Beatenberg have just been announced as one of the acts performing at Mumford & Sons' international travelling festival, Gentlemen of the Road, in the UK next week.

Hand-picked by the Mumford & Sons team, Beatenberg is the only Africa-based act to have been selected to perform the Gentlemen of the Road 'stopover' happening in Aviemore, UK on 31 July and 1 August. This leg of the touring festival features acts like Mumford & Sons, Ben Howard, Primal Scream and Jack Garratt.

This performance in the UK is the latest in a growing list of international performances for the multiple SAMA-winning band as they spread their music over the African continent and beyond with performances in Botswana, Zimbabwe, Tanzania, New York and Barcelona in 2015.
