

The new Peugeot 3008 GT revealed

A few weeks after its presentation, the new Peugeot 3008 has unveiled a dynamic and exclusive version: the GT.

Exclusively equipped with the 2.0L BlueHDi 180 S&S EAT6, the new Peugeot 3008 GT has the benefit of a series of specific attributes as well as the unique 'Coupe Franche' paint design. In addition, the GT Line finish offers, on more affordable engine versions, a synthesis of sporty and top-of-the-range looks. The new Peugeot 3008 GT and GT Line are part of the brand's move up the range and will be available from the commercial launch from October 2016.
