

Parklands College named Apple Distinguished School

Parklands College has been recognised as an Apple Distinguished School for 2016–2018. The Apple Distinguished School designation is reserved for programmes that meet criteria for innovation, leadership and educational excellence, and demonstrate a clear vision of exemplary learning environments.

Upon entering the College, the Apple 1:1 programme allows each child's device to become a personalised learning platform that promotes the development of 21st century skills through authentic learning experiences.

"Apple technology facilitates our approach to teaching and learning which is innovative, enriched, and flexible, with an emphasis on the individual needs and success of every child," said Lee-ann Steynberg, Head of ICT Academic Integration. "The selection of Parklands College as an Apple Distinguished School highlights our success as an innovative and compelling learning environment that engages students and provides tangible evidence of academic accomplishment."
