# Dreamer Education's Maths meets Red

Building on its collaboration with Youngblood Arts and Culture Development last year, Dreamer Education teamed up with Radisson Red on Thursday, 11 January to bring the second edition of Vanguard: Maths Meets Art - an initiative showcasing how music, dance and art can be used as a learning tool for teaching Mathematics in schools.

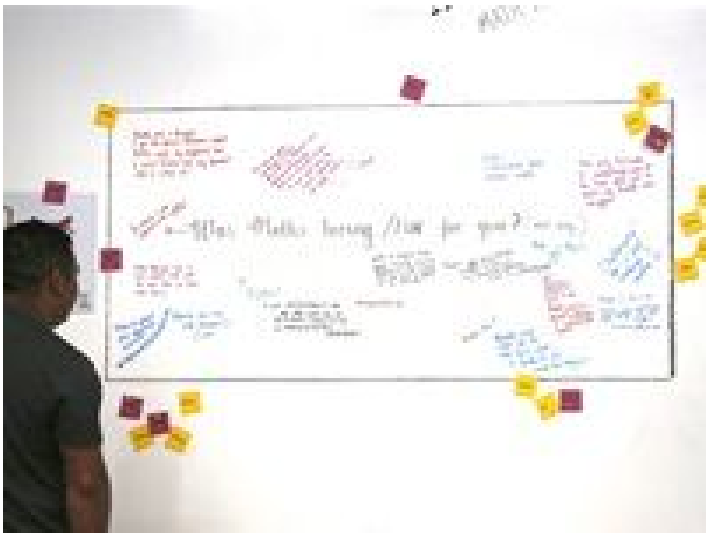

The evening featured a live performance by DJ Eazy, pop-up dance performances, a pop-up shop by collab partners, Unknown Union and artworks by Robyn Pretorius.
