

Date my Dad selects his mate

Meran and Melanie.

After winning the Date my Dad competition on Jacaranda FM, 34-year old Meran Wilson from Centurion announced his dream date was Melanie Joubert, after dating all five choices last week. The two were in agreement about one thing. "This has been an interesting and immensely fun ride so far. We both know what we signed up for and we're going to take it one step at a time - no expectations... just good fun, good friendship and whatever happens from there!" the station will carry feedback on the pair's progress this week.
