

# Xtraordinary Women Blouberg Networking Event

TOPIC: Getting the Best Out of Our Relationships

Emma will be giving a talk on the intimate soulmate relationships in our lives - that of our partners, current or future. Every relationship is significant and can teach us something to further our growth and to make our life more rewarding. We will look at understanding who we are and what our needs are, as until that point we cannot view that in another. An enlightening discussion as we venture into the world of communication, acceptance of ourselves and creating a conscious relationship.
