

Stephane Duproz to lead ADC's African expansion

Stephane Duproz has been appointed as Africa Data Centres' (ADC) new COO. Before joining ADC, he had served as Global Switch's group director for Europe.

As part of his new role, Duproz will oversee the commercial and operational development of ADC's four existing data centre facilities in Johannesburg, Nairobi, Cape Town, and Harare. He will also lead the expansion of ADC's network of data centres across the continent.
