

Recycled extra white paper from France

Arjowiggins, a French paper manufacturer, has launched Cocoon, a new extra-white FSC (Forest Stewardship Council) 100% recycled range of paper. The range begins with two new products Offset, an uncoated offset paper available in 80 g/m² to 350 g/m² suitable for offset printing and converting and Preprint, an uncoated preprint laser paper available in 80 g/m² to 160g/m² suitable for digital and laser printing. The paper is now available in South Africa from Antalis.
