

Food on the Move changes lanes

The business partners of Food on the Move, Arnold Tanzer and Rudie Stoop, will be pursuing separate careers from January 2010. The amicable decision sees Tanzer remaining in the kitchen, along with his WACS (World Association of Chef Societies) and Global Pizza Challenge responsibilities. Stoop will be consulting, mainly in the eventing and décor arena, on a national basis and is planning an exciting launch for the New Year.
