

## Cannes predictions out soon

Brett Morris, Jenny Glover, Alistair King, Brad Reilly, Colin Howard, Wallace Seggie and Chris Gotz will be casting their eyes and ears over South Africa's hopefuls in search of potential Lions and publishing the ididthatad's [Cannes](#) Predictions 2012, with Egg Films.

The team has already put together a collection of eligible pieces from Ad of the Month and other award shows and the guest predictors will begin selecting pieces in the next few days.

The predictions will be released before the lucky few jet off to Cannes on 16 June and live updates will happen from the Festival. Follow the event on [www.ididthatadpredictions.com](http://www.ididthatadpredictions.com) or [@ididthatad](https://twitter.com/ididthatad) on Twitter.
