

DISCOP Africa highlights for today

The seventh edition of [DISCOP Africa](#) still today at the Sandton Convention Centre, is offering 'the mobile exchange' at 10.30am until 1pm. It will discuss Africa's enthusiasm for mobile technologies that is boosting television content consumption. Africa has over 600 million mobile phone users, reportedly more than America or Europe. Around a tenth of Africa's land mass is covered by mobile internet services.
