** Kerb weight may vary depending on options fitted to vehicle.					
Disclaimer:					
Fuel consumption and CO2 emissions values were obtained in accordance with the prescribed uniform measuring standard (SANS 20101: 2006 / ECE R101: 2005 in its currently applicable version). The verified values do not apply to a specific vehicle and do not constitute part of the product offer. They are provided solely for the purposes of comparison between different vehicle models. Because of the need to maintain strict comparability of results achieved by the standard tests, they cannot be fully representative of real-life driving conditions. Variations in driving styles and in road, vehicle and ambient conditions, will have a bearing on the results achieved on the road. For these reasons consumption achieved on the road will not necessarily accord with these verified values.					
Based on lightest variable (no options) and 90% tank filling. Weight may vary depending on options fitted to vehicle.					
Dimensions, capacities and abilities apply to standard vehicles.					
The above information was effective as at May 2014 (production week22), and is subject to change.
