

COHSASA's latest healthcare accreditations

The following hospitals and healthcare facilities have been awarded accreditation by the Council for Health Service Accreditation of Southern Africa (COHSASA), a not-for-profit organisation based in Cape Town. This means the healthcare organisations have entered a quality improvement programme and have been assessed against, and have met, standards that are recognised by the International Society for Quality in Health Care (ISQua). It also means that the facilities listed below are well placed to provide quality and safe care to the communities it serves.

Issued by [COHSASA](#) 18 Dec 2013
