

Premier Hotels & Resorts Group acquires Sani Pass Hotel

In December 2014 the Premier Hotels & Resorts Group, one of the largest independently owned and managed hotel groups in South Africa, purchased the Sani Pass Hotel.

The Sani Pass Hotel boasts 57 years in operation and is nestled in the Mkhomazana Valley at the foot of Sani Pass in the Southern Drakensberg.

The Sani Pass Hotel is a true landmark and a renowned leisure resort. Its location makes it the ideal destination for incentive conferencing, weddings and celebratory events as well as catering for both the domestic and international leisure markets.

Future plans for the hotel include upgrades to the existing hotel facilities as well as the addition of new hotel rooms, chalets and conference venues.

The existing entertainment and sporting facilities, which includes a 9-hole golf course, volley ball and tennis courts, bowling greens, and a wellness centre, will also receive extensive upgrades.

The hotel will continue its current operations, under the team of General Manager Richard Pfothenauer, as sought after destination for corporate events, families, groups or simply to be enjoyed by those looking for wonderful Sunday afternoon tea. "We offer great A-La- Carte and buffet menus, and welcome local day visitors too," says Samuel Nassimov, Managing Director of Premier Hotels & Resorts Group.
