

Senior React Solid Front-End Developer

Location:	Johannesburg
Remote work:	Only remote work
Type:	Permanent
Reference:	#GZ60952
Company:	E-Merge IT Recruitment

We're hiring **Senior Front-end Developers** to join a growing engineering team building high-impact products in a modern **fintech environment**. This is a fully remote, permanent role offering excellent exposure to enterprise-scale systems.

What You'll Be Doing:

- Building and maintaining complex **React** applications in production
- Working with **TypeScript** and modern React patterns (hooks, state management, performance optimisation)
- Contributing to and evolving **shared design systems – SOLID exp essential**
- Developing **secure front-end solutions** that handle personal and financial data
- Collaborating closely with backend, product, and security teams in an enterprise environment

What We're Looking For:

- **5+ years' experience** building React applications
- Strong expertise in **TypeScript** and modern React
- Experience working with **design systems at scale**
- Proven track record delivering **secure production systems**
- Solid understanding of **enterprise authentication, RBAC, and multi-tenancy**
- Experience in **fintech or enterprise SaaS** environments is highly advantageous

Role Details:

- **Reference Number:** GZ60952
- **Type:** Permanent, Fully Remote
- **Salary:** Cost-to-company up to **R1 million per annum**, negotiable based on experience and ability
