

Two new smartphones from Sony Mobile

Sony Mobile has launched Xperia go and the Xperia acro S; two new stylish smartphones offering easy connectivity and entertainment from Sony Entertainment Network, a reality display and fast capture camera to go from sleep to snap in just over a second.

Both have scratch resistant mineral glass displays and meet industry standard IP ratings (International Protection) for protection against dust and water immersion. Both will be available globally from the third quarter of 2012.

Xperia go
