

think appoints new operations director

think, the SA Graphic Design Council, has appointed Sarah Beswick as Operations Director. Beswick brings her training in communications and journalism to bear on a position that requires public relations, online content management skills, as well as good administration for the ongoing success of the organisation.

Chairperson of think and director of member agency, HKLM Gary Harwood says: "With a national membership base and the board of directors spread throughout three major centres of the country it is a demanding task to keep all well informed.

"This position needs a person of insight who can manage information in order to raise awareness of think while working independently from the directors to manage the day-to-day running of the council. We are confident that our organisation will continue to grow as it has during the last few years."
