

## Retail Technology Conference 2013

With only three weeks left to register, the 2013 Retail Technology Conference will provide an essential platform for all stakeholders in the on-line, brick-and-mortar, solutions, information technology, retailing, marketing arenas, to share ideas, knowledge, and the ability to network with industry leaders. With speaker companies such as ABSA: Retail, One Loyalty, Intercept Risk, Bidorbuy, Britehouse, Saratoga, Innovation Agency, SAS, and SAP to name but a few, you need to secure your seat now!

Issued by [Trade Conferences International](#) 25 Feb 2013

**13 & 14 March 2013**  
**Johannesburg**

Retail technology in South Africa is always on the change - always searching for the latest trends. Consequently it is imperative for retailers, merchants and service providers to stay on the forefront of technology to gain and maintain a locally and internationally competitive advantage. Retailing, in today's techno-driven age, consists of numerous facets like technology, systems, products, and marketing to name but a few. These should be up-to-date and correctly implemented to ensure an overall customer satisfaction experience.

Organisations registered thus far include Nedbank, Pep, SA Media Holdings, Van Schaik Books, and Woolworths, to name but a few.

The Retail Technology Conference 2013 will be hosted at the Indaba Hotel on 13 & 14 March 2013, Johannesburg.

For more information on the conference, contact Danie Herbst (Project Manager) on 011 803 0009 or send a mail to [danie@tci-sa.co.za](mailto:danie@tci-sa.co.za).
