

## Forum offers buy-to-let opportunities in Pretoria

A new residential property forum has formed in Pretoria to display residential property opportunities for members seeking to acquire prime real estate, including buy-to-let property.

Launched by Pam Golding Properties (PGP), Retha Schutte, the company's regional executive Pretoria, is inviting interested parties to contact her for a free personal consultation to explore the potential benefits of becoming a member of the forum.

Schutte, who has over 17 years of experience in the real estate industry, is well placed to identify and select property opportunities that will be available to members to preview. In addition to this, members can also benefit from the company's experience in the rental market and rental accommodation in the Pretoria area.

Members of the forum will be invited to special events where they will be afforded the opportunity to preview and potentially acquire new, sole mandate property releases across the Pretoria region.

In addition to the property forum, the company is also launching the Exclusive Property Opportunity Forum newsletter, which will highlight handpicked properties and developments in Pretoria, Centurion, Irene and surrounds. It will also provide tips and useful property related information for discerning and aspirant buyers.

For more information, contact Schutte at [retha.schutte@pamgolding.co.za](mailto:retha.schutte@pamgolding.co.za) or call +27(0)12 365 9000.
