

Top 50 investible banking brands in Africa - Africa investor

Africa investor (Ai) magazine, a member of the Africa investor Group, in partnership with Brand Finance, have published the top 50 investible banking brands in Africa report in its May/June edition.

In the latest edition of the African investment newsstand magazine for global investment decision-makers, the top 50 investible banking brands in Africa report is made available for readers. In addition, a comprehensive agribusiness report on listed agribusiness stocks, an interview with Uche Orji on his new role as CEO of the Nigerian Sovereign Wealth Fund has also published.

Africa investor magazine, with regular specialist sections in each edition on banking and finance, capital markets, agribusiness, infrastructure, tourism and private equity, is essential reading for global investors and African business and government leaders. Africa investor, through its Ai40 investible index, tracks over US \$600 billion of market capital across African stock exchanges.
